

The 7th Canadian Discrete and Algorithmic Mathematics Conference (CanADAM 2019)

SFU Harbour Centre, Vancouver, May 28-31, 2019
www.canadam.math.ca/2019/

Invited Speakers

Federico Ardila, San Francisco State University, USA
Marthe Bonamy, Laboratoire Bordelais de Recherche en Informatique, France
Johannes Carmesin, University of Birmingham, UK
David Conlon, University of Oxford, UK
Anna R. Karlin, University of Washington, USA
Mike Molloy, University of Toronto
Peter Nelson, University of Waterloo
Rekha Thomas, University of Washington, USA

Public Interest Lecture

Bill Cook, University of Waterloo

Invited Minisymposia

Additive combinatorics, Algebraic and geometric methods in combinatorics, Algorithmic game theory, Combinatorial optimization, Computational methods in industrial mathematics, Discrete algorithms, Discrete geometry, Enumerative combinatorics, Extremal combinatorics, Graph decompositions, Matroid theory, Random graphs, Structural graph theory, 25 years of the Electronic Journal of Combinatorics

Program Committee

Rick Brewster, Vida Dujmović, Jim Geelen, Angèle Hamel (EC liaison), Daniel Král' (Chair), Catherine McGeoch, Pawel Pralat, Sakat Saurabh, Charles Semple, Anastasios Sidiropoulos, Jozsef Solymosi, Maya Stein, Einar Steingrímsson, Bartosz Walczak, Josephine Yu

Local Arrangements Committee

Pavol Hell, Jonathan Jedwab (Chair), Marni Mishna (EC liaison), Bojan Mohar, Amarpreet Rattan

Satellite Conference

25th birthday celebration of *The Electronic Journal of Combinatorics* on May 27, 2019
